Education Exchange

Safer Internet Day
8 February 2022

#ConnectedByLearning

Free webinar

Dear colleagues,

Welcome to our first issue of 2022. We hope you all had a wonderful time with your loved ones 

In the coming weeks we will be working with the Ministry of Education in a second online course for its **Collective of Authors**, with the participation of the British expert Anthea Edgar.

During the month of February we will be accompanying a group of Cuban specialists who will represent the local ELT community in the virtual event **BBELT (Best and Brightest in ELT)**. BBELT is one of the main events in the English Language Teaching calendar in the Americas.

We are also glad to collaborate with the National Board of Foreign Language Education of the Cuban Ministry of Higher Education in their **ELT Colloquium**, happening online for teachers in active and in training on the best practices as a result of the improvement actions carried out through different channels and with the support of the British Council.

The British Council Cuba will be presenting its experience during the 13th. International Congress of Higher Education **University 2022**, which will take place in February 7 -11.

Last but not least, we invite you to keep up to date with the **postgraduate actions** that the UCLV, UCI and the University of Cienfuegos will offer as a replica of the workshops organized by these centres during the **Biennial Conference #InglesParaEIDesarrollo**.

There is much to come. Stay tuned!
