Privacy Notice
The British Council will use the information that you are providing in connection with processing your registration for the examination. The legal basis for processing your information is agreement with our terms and conditions of registration.

The specific conditions for the Exam product are detailed in Part 5 Additional Terms and Conditions, where you can find details regarding refunds, transfers and cancellations.

Please confirm you agree to the terms and conditions of sale.

Data Protection
The British Council complies with data protection law in the UK and laws in other countries that meet internationally accepted standards.

You have the right to ask for a copy of the information we hold on you, and the right to ask us to correct any inaccuracies in that information. If you have concerns about how we have used your personal information, you also have the right to complain to a privacy regulator.

For detailed information, please refer to the privacy section of our website or contact British Council Customer Services. We will keep your information for a period of 3 years from the time of collection.

6. You will then need to read through some important information regarding the registration process. Once you have read all the information, check the tick box under the text saying - Please confirm that you have read and understood so that you can proceed with your British Council Registration and Payment in order to receive your Validation Code. Then click on Proceed to continue.

Please Note
Welcome to the British Council’s registration and payment system for University of London exams. The following guidance is important. Following it will ensure you receive your Validation Code within two working days.

What information does the British Council need and why is accuracy important?

- Your nine-digit numerical Student Registration Number (SRN No.) and the correct details of the exam modules you have selected during University of London Assessment Entry. We need these so we can match your British Council registration to your University of London Assessment Entry. If the data you provide cannot be matched then the British Council will not be able to issue a Validation Code and will email you with further guidance.

- Your First Name, Last Name, Date of Birth (DD/MM/YYYY), Email address and Contact number. This should match the data held by the University of London. This data will ensure British Council can do everything possible to match your registration to the Assessment Entry provided to us by the University of London.

- All candidates making entries should enter “Individual” when completing Institute Name.

Online payment will ensure your registration is processed immediately. You will receive confirmation of registration once the online payment has been successfully processed.
If you leave the system before completing online payment, then you will receive an email with a link to allow you to complete the entry you have started within 48 hours. If you do not complete within 48 hours you will need to start again.

You should use the email address that you have registered with the University of London. British Council will send all further correspondence, including your Validation Code and later exam confirmation details to the email registered with the University of London.

Reasons why it might take more than two working days to provide a Validation Code:

- The British Council cannot match the SRN No. provided and/or the Exam Module(s) you have selected to the University of London Assessment Entry you have made. In such cases the British Council will write with guidance on how to proceed.

- Your online payment was not successful. If this happens you will have received an automated email at the email address provided during the British Council registration process with a link to access and complete payment.

- You have opted for an offline payment. The British Council will only send you the Validation Code once your payment has reached us.

The University of London will not accept Validation Codes from previous exam sessions. So you must complete your British Council registration and payment to receive a new Validation Code before you can complete your University of London Assessment Entry task and sit your exam.

British Council registration opens at 08.00 on 6 February 2024 and closes at midnight on 28 February 2024. Exam seats are allocated by the British Council on a first come first served basis and while the British Council guarantees you an exam seat it cannot guarantee whether that will be a morning or afternoon sitting. If demand is exceptionally high, then the British Council may request the University of London to arrange an additional sitting on another date (usually the following day).

The British Council Refund Policy is available on the EventsForce and you will have the opportunity to read and accept before you continue with your registration.

Late Registration

There will be an opportunity to make late registrations. However, a 20% Late Registration Fee will apply.

British Council Late Registration opens at 08.00 on 15 March 2024 and closes at midnight on 10 April 2024.

When to contact at the British Council

- You should only contact your local British Council office if you are:
- you are having an issue gaining access to the British Council Registration and Payment system;
- you are experiencing difficulties making online or offline payments, or
- any information emailed to you by the British Council is unclear.
- All other enquiries should be directed to the University of London in the usual way.

Please confirm that you have read and understood the above so that you can proceed with your British Council Registration and Payment in order to receive your Validation Code.
