Name of any partner organisation *(this is any organization who may be supporting your school may have been identified to support you in the implementation of this programme):*	

Part 2: Social Enterprise in Secondary Schools Programme

Your School

We would like 200 words to hear about your school and how it is making a difference in your community. Here are a few ideas of what to include in your response; please note these are only suggestions.

- **What project(s) is the school involved?** (*Is there a theme? Where does the project take place? How long has it been running?*)
- **Who was involved?** (Who did it target? *Who are the main contributors? Number of volunteers?*)
- **What was the impact?** (*What was successful? Who has benefited from the project? How has it changed people and communities? Did it Influence anything or anyone – policy/ decision makers/government*)
- **What's in store for the future?** (*What's next? How are the contributors going to build on the project's success? How is the project sustainable?*)

This will not contribute to the panel selection's decision but will be used to establish the best fit approach to supporting your school.

Your School's Social Enterprise Programme

We would like 300 words to hear about your reasons for applying for this programme and how you see it benefitting your school community (students, teachers and school community). Here are a few ideas of what to include in your response; please note these are only suggestions.

- **What are the social problems affecting your students, school, community?** (*How have these impacted your students? How will this programme help to address these problems?*)
- **Who will be involved in delivering this programme?** (How many students will it target? *Who will be the main contributors from within your school? Number of volunteers?*)
- **What impact do you foresee?** (*What will make this successful? Who will benefit from the project? How will it change young people and their*

communities? Will it Influence anything or anyone – policy/ decision makers/government)
- **What's in store for the future?** (*What's next in terms of medium to long term impact? How are the contributors going to build on the programme's success? How will you ensure the programme sustainable?)*

2.1 Please give us an analysis of the Strengths, Weaknesses, Opportunities and Threats (SWOT) related to your school that will impact the implementation of this programme.

- **What are the <u>Strengths</u> within your school?** (What are the structures, bodies activities or individuals already in place to create success)
- **What are the <u>Weaknesses</u> within your school?** (What are the areas you see that can deter success of this programme)
- **What are the <u>Opportunities</u> external to your school?** (What are the things that can support this project moving forward e.g. business community, investors, possible partners etc.)
- **What are the <u>Threats</u> external to your schools?** (What are the areas you see that can deter success of this programme)
